

Project LITE'S

Introduction:

Hutech International Group **Project LITE'S** initiative is a humble contribution to South Africa's enterprise development and job creation.

Challenges - Entities

Start-up entities within the Human Capital industry and with specific reference to Recruitment are faced with major challenges, i.e.:

- No financial or operational track record – a pre-requisite at almost all Clients when it comes to Tenders;
- Costly monthly infra structure with no guaranteed steady income streams;
- Costly technology infra structure, i.e. PNet, Career Junction;
- Highly competitive Industry characterised by traditional role players;
- Lack of marketing capability and business development – branding; and
- No national footprint to serve national Clients.

Hutech International Group

Given the challenges as outline, Hutech on the contrary and in support have the following:

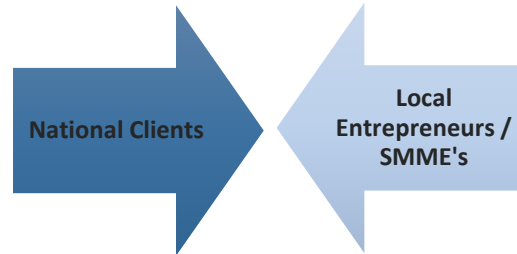

- 21-year track record in Recruitment;
- Subscribes and have access to all Resourcing technology;
- 5 years consecutively, award nominee for Recruiter of the Year;
- Established National and Africa Footprint;
- Quality Operational Standards and Ethics;
- Provides the full Human Capital, Training and Financial services headed by subject specialist; and
- BBBEE Compliant.

The Model

The model as outlined below does not require any funding from a Client but a merely granting us an opportunity to engage and to contribute directly to this noble cause.
